

2023 VISAA Rules of Play – Girls Tennis

Rules: USTA Rules Apply (with VISAA Rules of Play exceptions noted below)

Match Format:

- The format that will be used is three doubles first, followed by six singles, with repeaters permitted in the singles matches.
 - Each (singles and doubles) will use the 8-game pro set scoring system with AD's. A 12-point tiebreaker will be played at 8-8.
- Following doubles, teams may take up to 15 minutes of rest prior to starting singles. If both coaches agree, the singles matches can begin prior to the 15-minute break.

Line-ups:

- A written line-up, for both singles and doubles, must be exchanged by the head coaches prior to the announcement of the team line-ups with players. Also, a written line-up must be emailed to Michael Duquette no later than 7:00pm on Monday, 11/6. All line-ups will be distributed via email to the coaches of participating teams prior to the quarterfinals. The line-ups submitted prior to the start of the tournament must be followed for the duration of the entire tournament.
- Line-ups should reflect the best singles player at #1, and the best doubles team at #1, and continue down from there. A #1 singles player cannot play any lower than #2 doubles. A VISAA line-up form was provided in the tournament information for this purpose.
- If a line-up changes after the beginning of the tournament, due to injury or illness, players will be moved up. (i.e.: If #4 singles gets injured or ill, then #5 moves up to #4.. and #6 moves up to #5.. and someone on the ladder below #6 may move up to #6.) If a player is removed from the singles ladder due to injury or illness, the submitted doubles line-up must stay the same, or they are to be removed from the doubles line-up as well. If a player becomes injured or ill prior to the start of a singles match, any warm-up time that has been used is forfeited, and play must begin immediately. If a player becomes injured or ill prior to a doubles match, the warm-up will be forfeited as above. Any substitute player may come in, but no player can be moved down, and the new player must come in at #3 doubles.

Match Administration: Facility Expectations, Tennis Balls, Officials, and Trainers

- Officials should be made available more each match. (Coordinated by VISAA committee)
- 6 courts should be available, when possible.
- Home team must provide new balls for each match.
- Trainers should be available for all matches.
- Restrooms and water should be made available at each site.

Suspended Play - please follow the USTA rules for suspended play:

- Matches may be stopped or suspended by the host school's Athletic Director in the case of darkness, weather, or adverse court conditions. When play is suspended for darkness, this should be done at the end of a set, or after an even number of games have been played in the set-in progress. After a suspension in play, the score and position of players on court in the match shall stand when the match resumes.

Coaching:

- Coaching of any player(s) is only allowed by the school's designated/employed coach(s), on any odd game switchover/changeover (after games 1, 3, 5, 7, etc). A 90-second time limit on switchover/changeover is to include coaching.
 - Different from USTA rules: Coaching is permitted after the first game of the pro-set, and players may sit down.
- When possible, coaching should be done from/at the fence and walking onto a court should be the last resort. If a coach does need to walk on a court to coach, or provide water, food, etc., they are NOT allowed to remain on the court, and must be off the court within the 90 second time limit. They must also be cognizant of walking on beside a court that is in play and must wait for a point to be over. (Not between 1st and 2nd serves or during a rally, for example.)

Conduct of Players:

- Players only have 25 seconds between points.
- Unsportsmanlike conduct (throwing rackets, bad language, hitting balls, yelling at/heckling spectators (including but not limited to opposing team players or coaches) is unacceptable.
- For breach of any of the above guidelines or any unsportsmanlike conduct:
 - First offense -loss of a point.
 - Second offense – loss of a game.
 - Third offense- forfeit match/default

Conduct of Coaches, Teammates, Parents and Spectators:

- Polite clapping and cheering by spectators only. (i.e.: not when a player hits the ball into the net.)
- Comments like "Nice rally, players" or cheering to "pump -up" a player is acceptable. Taunting or heckling the opponent or the opponent's coaching staff is not appropriate. It is the responsibility of the coach associated with the unsportsmanlike spectators to discourage this type of behavior. A request by an opponent player or opponent coach should be acted upon. Examples of unacceptable comments by spectators, coaches, parents, etc. are as follows, but are not limited to the following: "Way to hit through the ball"... "Good idea"... "Way to move your feet/ good footwork". Basically, anything that can be construed by the player or opposing coach as guidance for the player(s), is unacceptable and will be subject to the warning, loss of point, forfeit of game guidelines above.
- Spectators (including but not limited to parents and teammates) may not approach the courts/fences. They must stay 5 feet from the courts/fences, unless permanent seating is in a place which is closer. Only coaches and appointed persons (i.e., assistant coach, trainer, or Athletic Director) may go within the 5-foot area and only during the 90 second changeover time. Players may ask spectators to get them water or other objects (i.e.: sunglasses or the coach), but no coaching may occur during this time.
- Spectators and coaches may not call shots/lines or footfalls. If there is a discrepancy, the players must let their coach or appropriate official know and line judges will be appointed. Immediate correction will be made for incorrect line calls by the appointed judges, preferably one by each team, and the above unsportsmanlike guidelines will not be followed. (i.e., no warning)
- Spectators who do not follow these rules will be warned and if it continues will be asked to re-locate and/or leave.
