VISAA COVID-19 PROTOCOL FOR WRESTLERS

Prior to weigh-ins, on the first day of the tournament (only) the tournament director and/or his assignee(s) shall conduct the following COVID-19 protocol on each wrestler:

- 1. Inspect the wrestler's COVID-19 vaccine card and verify that the wrestler has had two vaccinations for COVID-19. A third booster shot is not required.**
- 2. If the wrestler does not have a COVID-19 vaccine card (for any reason), or the card does not show proof of two vaccinations, the wrestler must present proof of a **negative PCR COVID test** during the seven (7) day period prior to the start of the tournament, that is, from Friday Feb 11 to Friday Feb 18.**

If the wrestler cannot produce his vaccine card or proof of a **negative PCR COVID-19 test**, he shall not be entered in the tournament and his entry will be withdrawn. His withdrawal shall not be considered a forfeit or default; the wrestler is simply withdrawn from the tournament and not allowed to weigh-in. If the wrestler is seeded, it may necessitate the redrawing of that weight class. That determination will be made by the VISAA Wrestling Committee. No substitutions will be made to replace the withdrawn wrestler.

HOSPITALITY: A hospitality area will be provided for coaches and officials directed by BCP parents boosters. We ask all other team parents to help chip in and provide goodies to supplement what the BCP parents provide. Contact: Billy Sims - Dunham at billiesims@hotmail.com

FORMAT: This is a 32-man or 16-man, double-elimination tournament following National Federation Rules. We will be using Track Wrestling and using a paperless computer system at each mat. Tom Riley of VA/USA wrestling will coordinate and oversee the match making and team scoring system via Track Wrestling.

If coaches have any questions or concerns about the seeding notify your Regional Representative.

STEP 2. NWCA verification and SEEDING information.

By 11:59 PM on **Tuesday, Feb 15**, e-mail an NWCA-generated weigh-in sheet and record sheets to David Yost **AND** your regional representative. This weigh-in sheet must reflect the most recent weigh-in as stipulated by rules. The regional reps are:

Acting VISAA Wrestling Chair: David Yost, Benedictine	
Northern Region Rep Mike Eastman (St. Paul VI) Email - meastman@pvipanther.net	Central Region Rep Andy Stone (Collegiate) Email - astone@collegiate-va.org
Eastern Region Rep Ron Kavanaugh (Peninsula Catholic) Email - aauwrestling@hotmail.com	Western Region Rep Josh Palumbo (Grace Christian, Staunton) Email - joshpalumb@gmail.com

NWCA WEIGHT ALLOWANCE RULES: In order to be eligible for VISAA tournament, each wrestler must be certified under the National prep guidelines: (<http://www.natprepwestling.com/Preps/2010NatPrepWtManagement.pdf>). To be specific, a wrestler must be entered in the NWCA weight management program system and comply with the minimum weight class allowed (see Rule 10). Coaches are expected to e-mail and bring a weigh-in sheet generated by the NWCA website which certifies each wrestler’s eligibility based on their most recent weigh-in. The weight for Friday will be scratch + 2 and the weight for Saturday will be scratch + 3.

SKIN CHECKS & SKIN CONDITIONS: Wrestlers should present themselves well groomed, nails cut and clean shaven at weigh-ins. Thorough skin checks will be done at Friday’s weigh-in and again on Saturday.. It is very important that wrestlers with any questionable skin conditions have the proper medical clearance forms immediately available. **Coaches should thoroughly check each wrestler prior to coming to the tournament for any possible skin conditions and have in-hand written documentation from a medical doctor addressing any and all skin conditions.** We will follow *NFHS Rules 4-2-3, 4-2-4* which states:

“ ART.3.....If a participant is suspected by the referee or coach of having a communicable skin disease or any other condition that makes participation appear inadvisable, the coach shall provide current written documentation as defined by the NFHS or the state associations, from an appropriate health-care professional stating that the suspected disease or condition is not communicable and that the athlete’s participation would not be harmful to any opponent. This document shall be furnished at the weigh-in for the dual meet or tournament. The only exception would be if a designated, on-site meet appropriate health-care professional is present and is able to examine the wrestler either immediately prior to or immediately.”

Costs prohibit VISAA from having a physician present during skin checks. If there is a questionable skin condition, the wrestler will be referred to the head trainer who will consult with the head official and make a final ruling on the situation. As a certified and designated on-site meet appropriate health-care professional, the trainer is granted the authority by NFHS and VHSL to rule on skin conditions; and, if necessary, overrule documentation from a physician regarding skin conditions. Understand that simply being in possession of a skin clearance form in and of itself may not be sufficient to allow wrestler to participate as said skin condition could have gotten worse since obtaining his clearance form from his physician. If in the opinion of the head trainer, a wrestler’s skin condition on the day of the tournament represents a danger to other participants, that wrestler will not be allowed to participate. **This decision will be made during or after weigh-ins and there**

will be no additional time allowed to visit an area health care provider to secure documentation. The bottom line is the wrestler and his coach should have the proper VHSL skin form present on hand during weigh-ins and make sure that the dates on the form designating when the wrestler is allowed to compete are not in conflict with the date of the tournament; and, that the skin condition has not gotten worse since the documentation was written.

SKIN CHECK FORMS: The following site has the proper skin check form. Please go to the site and download what you need. <http://www.vhsl.org/skinlesionform.pdf>

PROTEST COMMITTEE: The protest committee will be the tournament director, the head official and members of the regional representatives present at the tournament. Coaches wishing to file a formal protest should bring this request to the tournament director who will call the committee together to hear the issue and render a decision by majority vote of committee members. Should the coach bringing the protest be a regional representative, he will recuse himself from the final vote on the issue at hand. Coaches are reminded that the protest committee exists to handle serious issues related to the application of rules related to a match, not simply a forum to vent dissatisfaction with an official's judgment on a particular call. Coaches should also be aware of what is and what not a "correctable" error and how such errors can be remedied within Federation guidelines.

COACHES PRESENT AT MATSIDE & LOCATING ON-DECK WRESTLERS: Our policy is to do everything we can to ensure that a wrestler has a coach or his designee in the corner during a match. While we will communicate this to the officials, *it is up to the coaches and wrestlers to make sure this policy is implemented.* If a school has a small number of coaches, it is important to enlist the aid of parents and teammates to be aware of when and where wrestlers are competing and to communicate this information to the head coach. This is an especially important strategy in a venue that has multiple mats. Table workers and officials will accommodate this request by simply postponing a match until a coach (or designee) can arrive to coach the wrestler. Coaches should discuss this with their wrestlers to make certain this does not happen. Likewise, if a match is postponed, the on-deck wrestler must be given adequate time and notice to prepare for his competition. Coaches and wrestlers should not be outside the competition area or anywhere (in their car, at a restaurant, out taking a walk, etc.) where they cannot hear the PA announcements. We will make every effort to communicate via the microphone, but we cannot be responsible if the coach/wrestler is outside the range of the public address system. *If a wrestler misses his on-deck call beyond repeated PA announcements paging him and the five-minute grace period has elapsed he shall forfeit his next match.*

MATS: 4 mats will be used throughout the tournament.

PARKING: Plenty of free parking.

AWARDS: The top 8 places in each weight class will receive medals and will be honored on the award podium. Team trophies are given to the top 6 placing teams. Special recognition awards (plaques) will be given for exemplary performance for Mid-Size and Small-Size schools (see division breakdown by enrollment on next page). Per VISAA policy, these recognition awards do not constitute separate state championships based on school size. Their intent is to acknowledge exemplary performance for schools with smaller enrollments. Outstanding Wrestler Awards are given to three wrestlers representing the following divisions: Lightweights (106-132), Middleweights (138-160) and Upperweights (170-285). An award plaque is also given to the wrestler with the Most Falls in Least Time. Coaches will also vote on two additional award plaques: Coach of the Year and Team Sportsmanship Award.

THE SPECIAL RECOGNITION AWARDS for school sizes will be based on the following enrollment of of boys in respective schools. Figures provided by VISAA for the current year.
